

Godley Middle School chose clear and wireless SCHOTT PYRAN® Platinum L fire-rated glass from Glassopolis.

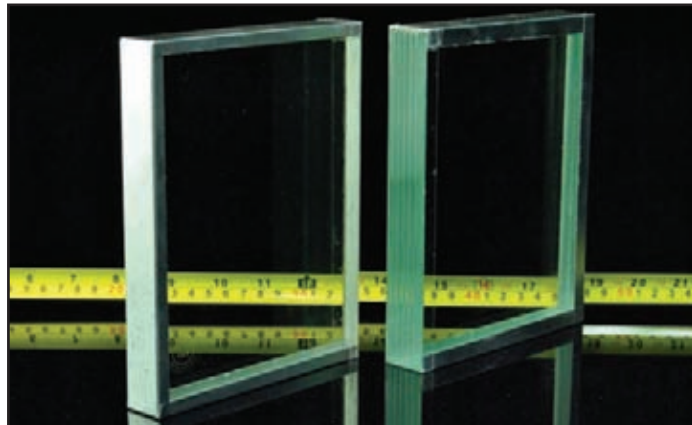

GLASSOPOLIS IS YOUR BEST SOURCE FOR UL LABELED FIRE-RATED GLASS

SCHOTT PYRAN® Platinum

This is the high quality fire-rated glass-ceramic. Where other fire-rated glass-ceramics are yellow-brown and need to be 'polished', SCHOTT PYRAN® Platinum has a hint of grey/green more like regular glass and requires no corrective grinding and polishing. It is USGlass Magazine's 2010 fire-rated Product of the Year.

- UL Labeled up to 90 minutes (up to 3 hours in doors) with required hose stream test
- Available with impact-safety rating to ANSI Z97.1 and CPSC 16CFR1201 (Cat. I and II)
- Not yellow-brown like other glass-ceramics
- The *ONLY* eco-certified fire-rated product - made without arsenic and other toxins

Glassopolis Heat Barrier Glass

This multi-laminate fire-rated glass is a barrier to heat as well as smoke and flame.

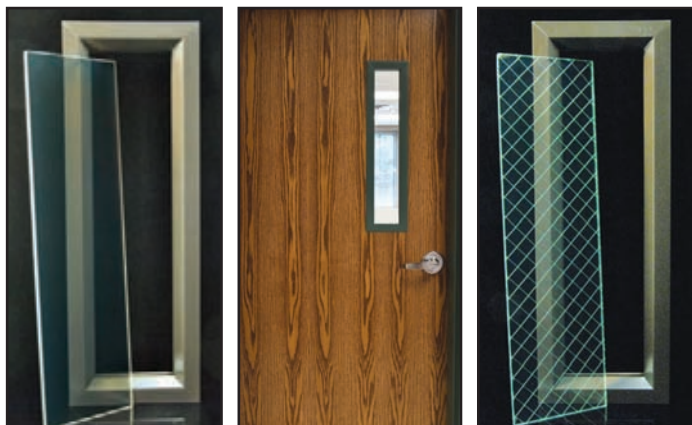

- UL labeled up to 2 hours with required hose stream test
- Impact-safety rated to ANSI Z97.1 and CPSC 16CFR1201 (Cat. I and II)
- Passes ASTM E119 and UL 263
- Top quality intumescent glass laminate
- Available with inexpensive framing options

Protect3™ Safety Glass

FIRE, SAFETY and SECURITY protection all in one. Protect3™ Safety Glass is a ¼" (6mm) thick glazing material consisting of fire-rated wire glass with a surface applied fire-rated and impact-safety rated film.

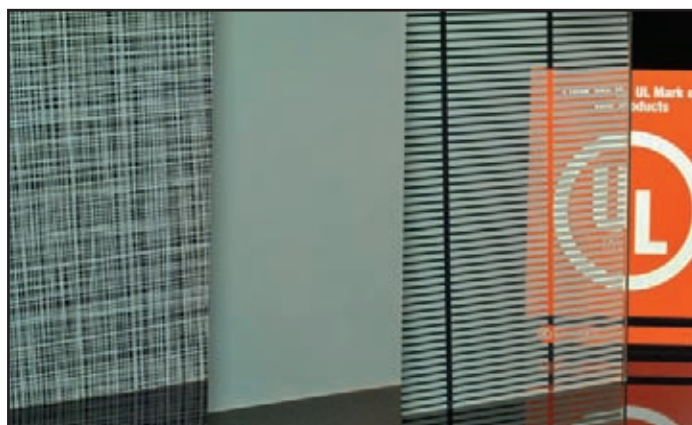

- UL labeled up to 90 minutes with required hose stream test
- Impact-safety rated to ANSI Z97.1 and CPSC 16CFR1201 (Cat. I and II)
- Security performance better than regular tempered or annealed glass
- Best value for UL labeled, fully tested and building code compliant fire-rated glass

Vision Lite Kits

Standard fire-rated metal vision lite frames for doors available in a variety of sizes and finishes complete with fire-rated glass of your choice and budget. Delivered fast and ready to install.

- Lites are UL labeled up to 90 minutes with required hose stream test
- Impact-safety rated to ANSI Z97.1 and CPSC 16CFR1201 (Cat. I and II)

NEW! Fire-Rated UL Labeled Decorative Options

In addition to sandblast privacy effects, we now offer a range of decorative fire-rated films on SCHOTT PYRAN® Platinum and Protect3™ Safety Glass. These films are factory applied and fully UL approved for fire-rated applications.

Tip: Use a decorative effect on Protect3™ Safety Glass to partially conceal the wire!

**EXPERT SERVICE. FAST QUOTES.
